

**Fantastic one day and overnight trips in  
Northeast PA & NY State**

***You asked for it, we got it! By popular demand...***

***Northeast Pennsylvania Wine Tours!***

***It's grueling work, but someone has to do it.***

We couldn't ignore it any longer. Because so many of you have requested wine tours, we took time out of our busy schedules to travel the scenic highways and byways of NEPA -- during fall foliage season -- visiting wineries and tasting countless glasses of sweet, dry, red, white, sparkling

. . . you name it, we tasted it! We made the sacrifice just for you.

**What we came up with isn't your everyday wine tour.**

**It's a one, two, or three-day wine-themed event.**

For example, our **one-day event** features stops at three wineries with a break for lunch and includes dinner and show at the historic Radisson Lackawanna Station Hotel in downtown Scranton, PA.

The building that is now the Radisson Hotel was once one of the most beautiful railroad terminals in the east. Today, the completely restored building is a grand hotel. The Holiday Inn Express & Suites will open its doors in February, 2011. The sparkling-new structure is surrounded by restaurants, stores, even a new movie theater -- all within walking distance!

*All New Holiday Inn Express & Suites*

**Our two--day trip** begins at either the Radisson or the Holiday Inn Express & Suites, with a welcoming reception. Then it's off to Vintner's Circle for a wine appreciation class, wine tasting, and an introduction to home wine making. Return to your hotel for dinner and live entertainment. Then on Day Two - - off to the wineries!

Want a three-day stay? No problem! There's plenty to do in Northeast PA. Whether it's trolleys, trains, boat rides, live theater . . . the possibilities are endless! Let us customize a trip for you.
